## President's

## Message

Hello to the NUTS

We had a good turnout at the barbeque last month. most people brought their families, and I heard lots of conversation and laughter. We all appreciate those who brought the good tasting snacks and salads and deserts. It was so good that Bob Campbell fell off his diet. Get back on the diet Bob, it's working for you.

I was surprised that even with a strange detector and no discrimination, some people could tell the difference between silver coins and brass rounds at the picnic. It takes many many hours of detecting to be able to pick up a slight difference in sound like that. You guys are good!

It's early yet, but we want people to be thinking about what would look good on next year's club metal. Bring your ideas to me or Don Swain, and maybe we can get some pictures drawn up.

If any of you have an idea of who could act as speaker for some of our next meetings, let me know. Maybe I can talk them into it.

Just a reminder, if you know somebody that's interested in tokens, treasure hunting, antiques, or Utah history, invite them to the meeting. New members that sign up now, get a large discount on their dues.

The weather is getting colder, so get out and do your hunting now. In another month or two everything will be frozen.

**Dave**

**p.s.** It's time to winterize your RV. I forgot last year. Ice does bad things to a plumbing system.

Before electricity, flat irons were used to press the wrinkles out of shirts and dresses. While one iron was being used, other irons would be getting hot on the cook stove. You can find them at antique shops and sometimes in old dumps.

### STURGES Guaranteed Capacity

#### Milk Cans

are the only milk cans built with correct capacity guaranteed!

Use Sturges Cans and you avoid disputes over capacity—avoid deductions on short measure—avoid over measures.

Sturges Milk Cans have been standard for 50 years. They are in use in all parts of the country.

Built carefully and well—they are strong and sanitary. Stand hard service. Cost less because they last longer.

Write for Catalog No. 98 and names of dealers in your vicinity who handle Sturges Cans.

Milk cans were used to haul milk or cream to town. There were 2 milk cans in the Find of the Month this summer. Nowadays, they are sometimes decorated and used for stools.

## The Ideal Car for the Farmer

It means quick trips to town—  
More pleasure for your family

THE International auto wagon will take your produce to town, go to mill, haul milk and cream—in fact, do all your light hauling in one-third the time, and at less cost than you can do it with a horse-drawn vehicle.

It never tires—it is ready to travel every day in the year—regardless of weather—over all kinds of roads—no matter whether they are hilly, muddy, or sandy.

The wheels are sufficiently high to give abundant road clearance. This makes it a practical car for all kinds of roads.

The solid rubber tires eliminate tire troubles and expense. There are no delays on account of punctures and blow-outs.

The air-cooled engine does not freeze in winter. There are no delays on account of stopping for water and no water pipe or jacket to freeze or break.

The International auto wagon will give you more service than you could secure in any other way for the amount invested. Evenings, Saturday afternoons, Sundays, or whenever desired, the International auto wagon can be converted into a pleasure vehicle by adding an extra seat and top. It will take you and your family anywhere you may want to go.

There are many International auto wagons in the hands of farmers all over the country. They are giving satisfactory service, and saving their owners time and money every day. Write us for catalogue and full information.

*From your*

*Nutty editor*

I don't have anything important to say, just needed to fill up an empty half page here.

There is still time to put your story in the newsletter, and possibly win the Edith Attebury award for this year. Or you may have some other information to share with club members, Just let me know.

Let's all thank President Dave for putting together a delightful NUTS picnic this year. Who else but Dave would think of raffling off the leftover food?

While the weather is still good, get out there and find something.

*Karen*
